There are many books in the market about various pieces of what a medium needs to know, but this is the only one that not only covers those subjects all together in one book, but also includes other areas that do not usually get taught. I have been involved in spiritual aspects for over fifty-five years, with over thirty years demonstrating and teaching, including running open and closed circles. I have also been the circle leader for physical phenomena, where there were materialisations on a regular basis. I have demonstrated and taught in the Netherlands, Spain, USA, Germany, Denmark, and UK. I have spent thirty years of my life writing nonfiction in the area of engineering. These books covered operating and maintenance manuals on a very wide scale. These include mechanical, electrical, electronic, pneumatic, hydraulic, refrigeration, photographic, and optical disciplines. This book is not only intended as a basic tutorial for novices, but also as a reference book on spiritual information for spiritual teachers. Author quote: I know that our loved ones communicate with us, but it often takes a competent medium to relay the information. new, sophisticated, comprehensive reference book will inspire and instruct painters on how to handle today's acrylics in innovative and individualistic ways. Acrylics have grown into the most adaptable art material for the modern age. Developments in the pigment industry have given acrylics a remarkably permanent, rich, and abundant palette, making it the favorite medium of many contemporary artists. As colors are being developed, their chemical components are also enhanced for better texture and handling. Art-supplies vendors now offer acrylic mediums for thinning, thickening, glazing, molding, pouring, texturing, and dozens of other uses. Even experienced acrylic painters can be confused—even intimidated—by this staggering diversity of products. Painter and art materials expert Rhéni Tauchid simplifies this daunting subject, clearly explaining each type of medium and suggesting ways it can enhance your painting practice. Over twenty step-by-step demonstrations teach you how to apply mediums to create vibrant colors, sensuous surfaces, and striking visual effects. Hundreds of beautiful photos illustrate mediums' almost limitless potential and show you how other artists—both abstract and realist—are employing mediums to push their art in new creative directions. The first book of its kind, this essential reference belongs on every acrylic painter's shelf. Includes the Work of Contemporary Masters: Nick Bantock, Diane Black, Bruno Capolongo, Pauline Conley, Marc Courtemanche, Marie-Claude Delcourt, Claire Desjardins, Marion Fischer, Heather Haynes, Lorena Kloosterboer, Suzy Lamont, Marie Lannoo, Connie Morris, Barry Oretsky, Lori Richards, Hester Simpson, Ksenia Sizaya, Rhéni Tauchid, Alice Teichert, Beth ten Hove, Sharlena Wood, and Heather Midori Yamada. This is a follow on book from my mediumship development course in this short book you will be taught all about working aspects of a platform medium while i do give some spiritual insight into other areas for example why multiple births exist and the reason for them i go into more detail on the working side of mediumship. you will learn about having the right attitude, opening and closing from sessions,calming techniques for platform work the audience, working with the third eye spirit friends and giving evidence of survival photo readings and lots more This book shows us not only how to exploit our psycho-spiritual potential, it also shows us how to navigate the different realms of inner experience that are our birthright. Psycho-spiritual powers can take time and expertise to discern, especially for the novice. How do we know what we are dealing with? Does the 'information' made available to us derive from the subtle energies around the body or does it come from some discarnate being? Or perhaps from an alter ego, the personification of hopes and fears from aspects of our projected selves? This book is drawn from research and first-hand experience from thousands of consultations and teaching sessions over many years. In addition, the author, at the end of each chapter, uses anecdotes to illustrate and enlighten the reader, and these are sometimes humorous, sometimes sad, sometimes philosophical, and always true. Well-implemented psychic and intuitive guidance can help to move the individual towards wholeness - a new dawn based on working with the heart and the energy of unconditional love. This in turn radiates out to affect the whole of our society. Psycho-spiritual powers enlarge our lives beyond measure. We are all Mediums, fully capable of learning to bridge the gap between this world and the next. Just like any other skill or ability, connecting with the other side can be taught, learned, and mastered. This extraordinary book is a unique guide that takes readers on a captivating journey from the beginnings of a spiritual practice to communicating with the dearly departed. Throughout the book, Mary-Anne explains how the process of mediumship works, and illustrates a critical path to follow, full of specific exercises and other indispensable learning tools, helping to guide you every step of the way. Mary-Anne shares her personal experiences with grief, fear, and anxiety, and talks about how instrumental learning to meditate and learning to speak with spirit were in her own healing. Through examples of her own mediumship practice, she also enlightens readers with messages from heaven about love, forgiveness, healing, and moving on with our lives here in the physical world. This is the story of my personal life guided by paranormal experiences. My childhood development was interrupted by sexual abuse when I was 6 years old. I was confused and desperate until "the Watcher" came to my rescue. Once I understood my paranormal experiences were gifts I could use, I was able to overcome my fear. I want to share this blessing with all who have suffered in silence.
